

Reinforced Handle

Utility Cart

Sleek appearance, function and value

This professional 3-tiered utility cart is ideal for use in restaurants, hotels, institutions or even the front office. This cart features three durable plastic shelves, brushed aluminum uprights and dual molded handles that make it easy to use.

The large textured shelves will hold a variety of equipment and supplies. Durable, structural web construction resists scratches, chips and rust. Lightweight and easy to handle, this unit is equipped with quiet, 4" non-marking casters.
